

# NGL Announces The General Release Dynamics TMS® 8.5.3 for Microsoft D365 F&O and Business Central

*Both versions are available for immediate implementation with licensing for on-premise, Microsoft Azure private cloud or SaaS hosted options.*

INVERNESS, ILLINOIS, UNITED STATES,  
March 13, 2023 /EINPresswire.com/ --

Next Generation Logistics, Inc. (NGL), a 35 year leading provider of transportation software and managed transportation services has announced the general release of their Dynamics TMS® version 8.5.3 for Microsoft Dynamics Business Central and D365 F&O ERP. Both versions are available for immediate implementation with flexible pricing and licensing for on-premise, Microsoft Azure private cloud or SaaS hosted options.

“

We are pleased to enhance our partnership with Microsoft by providing customers with affordable, modern Tier-1 Transportation Management Solutions for both Microsoft BC and F&O ERP customers”

*Ari Smith*

Dynamics TMS® is a complete enterprise transportation management planning and execution solution that enables transportation professionals to make effective and efficient business decisions providing an exceptional value proposition. The applications are intended for shipper companies that are serious about managing their transportation dollars and need greater than the basic out-of-the-box functionality to manage their growing transportation needs.

Ask your ERP partner to reach out to us or call us at 847-

963-0007 x 136 to schedule a call to discuss your needs.
