

GoodTime Hire for Interview Scheduling Now Available on SAP® Store

By integrating with SuccessFactors, Hire from GoodTime delivers advanced interview scheduling automation and intelligence to customers.

SAN FRANCISCO, CA, UNITED STATES, March 14, 2023 /EINPresswire.com/ -- [GoodTime](#), the world's first Meeting Optimization Engine, today announced that its flagship product, GoodTime Hire for interview scheduling, is now available on [SAP® Store](#), the online

marketplace for SAP and partner offerings. GoodTime Hire integrates with SuccessFactors and delivers advanced automated interview scheduling and intelligence to customers.

“The modern recruiting team is fighting an uphill battle on multiple fronts. The shortage of resources, partially due to recent layoffs, and an all-time low unemployment rate means teams must do more with less while still delivering against hiring goals,” said Ahryun Moon, CEO & Co-Founder, GoodTime. “Through this partnership, we combine the power of GoodTime Hire with SuccessFactors to help teams automate time-consuming scheduling activities, drastically increase productivity and efficiency, and ultimately reduce time-to-hire. By onboarding in the SAP platform, SuccessFactors clients now have access to GoodTime Hire to increase efficiency and productivity in their hiring process which is critical in today’s economic climate.”

“By onboarding in the SAP platform, SuccessFactors clients now have access to GoodTime Hire to increase efficiency and productivity in their hiring process.”

Ahryun Moon, CEO & Co-Founder, GoodTime

GoodTime Hire helps talent acquisition teams improve productivity and efficiency through:

- Automated Interview Scheduling: Easily coordinate single and multi-day interviews no matter the complexity
- High-Volume Messaging: Reach candidates directly through SMS or WhatsApp with personalized 1:1 messages or in bulk

- Intelligent Interviewer Matching: Find the best available interviewer instantly based on skills, focus area, and team, taking into account interviewer load limits
- Candidate Engagement and Experience: Accommodate candidates with candidate-driven availability selection and self-rescheduling, and collect anonymous feedback after each step of the interview process
- Data and Insights: Unlock data not available in your ATS and quickly identify opportunities for improvement with dashboards on recruiting, interviewers, interview time, and more

SAP Store, found at store.sap.com, delivers a simplified and connected digital customer experience for finding, trying, buying and renewing more than 2,300 solutions from SAP and its partners. There, customers can find the SAP solutions and SAP-validated solutions they need to grow their business. And for each purchase made through SAP Store, SAP will plant a tree.
