CARY, NC, UNITED STATES, March 20, 2023 /EINPresswire.com/ -- [Walford Home](https://www.einpresswire.com/press-releases/walford-home-llc-introduces-new-hazelnut-clay-color-to-popular-rustic-farmhouse-product-line-ready-for-retail-buyers), LLC, a North Carolina-based family-owned business, is excited to announce the addition of a new color to their existing line of rustic farmhouse home, kitchen, and garden products. Hazelnut Clay is a trending color for 2023 and will add warmth and character to any home.

"Our customers have been asking for a new color option, and we're thrilled to deliver with Hazelnut Clay," says Lawrence Barnes, CEO of Walford Home. "Our flower pot, flower planter, and [french flower vase](#) line with

dogwood flower feature, kitchen [utensil holder](#), and decorative trays all available in Hazelnut Clay will make a great addition to any farmhouse-style home, kitchen, or garden."

Hazelnut Clay is a warm, earthy color that is reminiscent of clay or terracotta. It is a medium-toned shade that exudes a sense of groundedness and stability. The color has a subtle brownish-orange undertone that gives it depth and richness, while also maintaining a sense of softness and approachability. The color is versatile and can be used in a variety of contexts, and is perfect for interior design. It pairs well with other warm neutrals, as well as bolder colors such as deep greens or blues. Overall, Hazelnut Clay is a sophisticated and timeless color that adds warmth and depth to any decor palette.
