Real-time payments refer to electronic transactions that are processed and settled almost instantly, in real-time, 24 hours a day, 7 days a week, and 365 days a year. This means that funds can be transferred from one bank

account to another almost instantly, without any delays or waiting periods. Real-time payments

are becoming increasingly popular as consumers and businesses demand faster and more efficient payment methods. They are particularly useful for transactions that require immediate payment, such as bill payments, payroll, and peer-to-peer transfers.
