

Cyberfit and BD Software team up to offer secure and reliable data erasure solution

INDIA, March 16, 2023

/EINPresswire.com/ -- BD Software Distribution Pvt. Ltd., a leading provider of IT and Cybersecurity solutions, and [CyberFIT](#), a renowned name in the [data erasure](#) and disposal industry, have joined hands to offer [WipeOut](#), a patented technology and highly effective data erasure solution that helps organizations prevent data leakages and adhere to regulatory compliance. This collaboration will allow BD Software Distribution Pvt. Ltd. to become a Distributor of Cyberfit and enable its customers to secure their data in the most comprehensive way possible using wipeout. With the rising cybercrimes and data leakage risks, BD Software Distribution Pvt. Ltd. will offer solutions to protect sensitive data.

WipeOut, developed by CyberFIT, is a patented and innovative data erasure solution that allows organizations the ability to securely erase files, folders, drives on laptops, flash drives, servers as well as databases. Wipeout works like an intelligent electronic data shredder to help organizations identify and erase sensitive data through its data disposal Solution.

The CEO of CyberFIT, Mr. Santosh Kamane, expressed his excitement about the partnership, stating, "We are thrilled to partner with BD Software to bring WipeOut to their customers. Our

solution is designed to meet the highest standards of data security, and we believe that BD Software's brand and expertise in the Cybersecurity solutions market will help us reach a wider audience."

Similarly, the CEO of BD Software Distribution Pvt. Ltd., Mr. Zakir Hussain Rangwala, highlighted the importance of data security in today's digital age. "We are committed to offering our customers the best solutions to keep their data safe and secure," he said. "Partnering with CyberFIT to offer WipeOut aligns with our mission to provide cutting-edge technology solutions to our clients and protect their sensitive data."

WipeOut is designed to meet the data security needs of businesses and individuals alike, providing a reliable and easy-to-use solution for secure data erasure. It adheres to internationally recognised standards for data erasure, including the NIST (National Institute of Standards and Technology) guidelines and the GDPR (General Data Protection Regulation) requirements.

Mr. Sanjeev Dahiwadkar, founder of CyberFIT and wipeout technology has been assisting

“

We are committed to offering our customers the best solutions to keep their data safe and partnering with CyberFIT to offer WipeOut aligns with our mission ."

organizations mitigate data leakage risks and adhere to compliance with Wipeout data erasure products. CyberFIT offers wipeout in different business models to suit organizational requirements. Database Wipeout is unique product to securely erasure selective database records. Wipeout API allows integration of secure erasure functionality in custom apps while Wipeout as a service (WaaS) is a flexible data sanitization services model beneficial to data centres and IT partners.

With this partnership, BD Software Distribution Pvt. Ltd. and CyberFIT are poised to offer a complete data security solution to their customers. Whether you are a small

business owner or a large corporation, WipeOut can help you safeguard your sensitive data and protect your privacy.

The infographic features a central white circle with a laptop icon displaying binary code, the word "wipeout" in bold blue letters, and "ELECTRONIC DATA SHREDDER" in smaller blue letters below it. This central circle is surrounded by a semi-circular ring of four blue segments. Four white callout boxes with blue circular markers point to these segments, each containing a feature name. The background is a dark blue gradient. In the top right corner, there is a small CyberFIT logo.

wipeout : secure data disposal
erase with confidence

- File, folder, drive erasure
- Storage analyser & wipeout scheduler
- Remote wipeout
- Certificate of erasure

Wipeout - Electronic data shredder
