In attendance were South Africans from various walks of life motivated to bring this knowledge to others. The new graduates expressed much joy during the prestigious ceremony.

Extremely concerned by the state of affairs in the country, they attended the Professional Development Workshop earlier and dedicated their time and efforts to empowering themselves with the Tools for Life from [L. It began with a warm welcome from the Public Affairs Director of the Scientology Volunteer Ministers, Sandile Hlayisi who stated, “There is nothing we cannot achieve as a society if we all

work together". The graduates were extremely proud to be officially graduating this life changing training.

One of the graduates from Johannesburg West District expressed her joy and said " I have been an educator for decades. I have many certificates and degrees and let me tell you, the Tools for Life courses validated everything I have learned throughout my years of experience. Another graduate shared how she has used the Tools for Life training to improve her life. She said, "I would say the 19 Tool for Life courses are a guide to life. Facing challenges is not easy but I was able to take these tools and use them to navigate through my challenges and I get through them. So doing these courses helped me change my mindset of 'oh, things are difficult and I'm just going to give up'. These tools helped me to say, 'there is something that I can do about it'. There
