

# Arctic Star Windows Offers Free Window And Door Inspection And Consultation

*When it comes to windows and doors in Winnipeg, Arctic Star Windows is committed to providing the finest innovations on the market at competitive prices.*

WINNIPEG, MB, CANADA, March 16, 2023 /EINPresswire.com/ -- They are devoted to offering [windows and doors in Winnipeg](#) that meet quality standards and are one of Canada's largest and fastest-growing window and door replacement businesses.

It is crucial to examine the condition of the doors and windows, something that is frequently unsaid and ignored. Your house is kept safe and secure by its doors and windows. The exterior door, i.e. your main door, keeps intruders out, while the inside doors, which are the doors to each room, give you privacy.

To determine your home's window and door needs, professionals from [Arctic Star Windows](#) will first conduct a comprehensive inspection. The best windows and doors for your particular home will then be suggested by the product specialist, and a quote will be provided. Inquiries and concerns, if any, will be fully addressed by an expert.

Arctic Star Windows is offering complimentary window and door inspections and consultations for the entire month. Their experts will carefully examine your windows and doors and offer advice on how to improve safety. As the largest and most efficient windows and doors service provider in Winnipeg, Arctic Star Windows is dedicated to ensuring the safety and security of your home.

To take advantage of this deal and to schedule the necessary consultation for maintaining and replacing your windows and doors in Winnipeg, get in touch with them or visit their website.

For more information, go to the main website, call 204 202 3434, or e-mail [info@arcticwindows.ca](mailto:info@arcticwindows.ca).

You can also follow us on Facebook, Twitter, Instagram, Pinterest, YouTube, and Facebook.

#### About The Company:

Arctic Star Windows sells, installs, and maintains replacement windows, entry doors, and sliding patio doors. The windows supplied and installed come with argon in both chambers of the glass, and all windows qualify for a \$250 Canada Greener Homes Grant. We use the latest technology to manufacture our sealed units. The warm-edge spacers help our windows to retain the most energy and reduce condensation on the glass surfaces. All our windows and patio doors are Energy Star certified. We take great pride in our astute customer service during the selling phase. Our customer support provides a customer-centric approach to all customer questions, and our installers pride themselves in exceptional installation services. Our warranty is industry-leading, and we offer a comprehensive warranty for all of our products and services. Our windows come with a lifetime warranty by the standard. Arctic Star Windows also offers one of the best values for window and door supply and installation in Manitoba and confidently beats any competition in the price for equally configured windows and doors.
