The Glycinates Market size was valued at USD 1.1 Billion in 2022 and is projected to reach USD 1.8 Billion by 2032, growing at a CAGR of 5.0% from 2022 to 2032.

NEW YORK CITY, NEW YORK, UNITED STATES, March 16, 2023

/EINPresswire.com/ -- Market.us is a market intelligence company that has recently released a new report “[Global Glycinates Market](#) 2023” which covers a comprehensive study offering concise and comprehensive information on the market segments. Emerging in Glycinates and market-driving factors

will propel the decision-making process In addition, market statistics information from 2015 to 2023, major market players, their company profiles Geographical overview, market share, and segmentation of the Glycinates industry will help readers plan their business strategies.

Glycinates Market Size 2023

The global glycinate market is expected to experience strong growth over the coming years. Glycinates, salts of glycine, are commonly used as chelating agents, buffers, and dietary supplements. The growth in this market can be attributed to the increasing demand for natural and clean-label ingredients in various applications, such as food, pharmaceuticals, and personal care products. Furthermore, growing awareness about the health benefits of glycine - such as improved sleep quality, reduced inflammation, and enhanced cognitive function - is propelling the growth of this market.

However, the high cost of production and accessibility to substitutes may restrict market expansion. To combat these difficulties, manufacturers are investing in innovative product development and expanding their product portfolios to meet the growing demand for glycinate-based items. They are expanding their distribution networks to reach a broader consumer base. With the rising demand for natural and functional ingredients across various industries, the glycinate market is expected to experience further expansion over the coming years.

The TOP key market players listed in the report with their sales, revenues, and strategies are

BASF, Solvay, Ajinomoto, Clariant, Albion Laboratories, Shijiazhuang Donghua Jinlong Chemical, Galaxy Surfactants, Novotech Nutraceuticals, Schaumann, Dunstan Nutrition, Aliphos, Chaitanya Chemicals, Provit

Segment by Type

Dry

Liquid

Segment by Application
