Trending Healthcare Facility Management Market Trend

Technological advancement is the key trend gaining popularity in the healthcare facility management market. Technological developments are growing at an unprecedented rate and shaping the future of the healthcare industry. For example, in September 2022, CloudWave, a US-based independent cloud and managed services software hosting provider in healthcare, launched OpSus Cloud Services. In the user's data center, CloudWave OpSus Edge provides infrastructure-as-a-service, offering computing, storage, security, backup, recovery, and thorough operations and system upkeep. OpSus Cloud Services offers hospital users a multi-cloud strategy that ensures availability, simplicity of access, and robust security.
