

Axzon Inc. the World Leader in Wireless Passive Sensors Opens Sales Offices in Taiwan & Japan

Axzon Inc. The Opening of the company's New Asia Pacific Regional Offices in Taiwan & Japan Will improve Support for the Growing List of Customers in the Region

AUSTIN, TEXAS, USA, March 20, 2023 /EINPresswire.com/ -- Axzon Inc., the world leader in the field of passive sensing using RFID technology brings intelligence to all endpoints with its Magnus-powered sensor product family announced today the opening of the company's new Asia Pacific regional sales offices.

Axzon's Magnus-powered wireless and battery-free sensor product family provides temperature, moisture, pressure, and proximity sensing solutions that are used in a growing range of industrial applications including;

Axzon's sensors are used in a growing range of applications including;

- Industry 4.0 predictive maintenance monitoring of electrical switchgear, motors, and pumps
- In data centers monitoring temperatures on busbars to prevent flashover arcs
- Tracking the temperature of perishable products through the cold chain
- Plant soil moisture monitoring in grow houses
- Water leak detection as part of smart buildings
- Resin curing during composite production,
- In healthcare improving the quality of life by monitoring adult incontinence
- Quality control in automotive assembly lines to find water leaks due to assembly faults

About Axzon

Based in Austin, Texas, Axzon (formerly RFMicron, Inc) Axzon's sensors are used to wirelessly monitor temperatures and moisture levels without the need for external power making them ideal solutions in multiple applications. These RFID battery-free wireless sensors generate highly valuable data that

Axzon's encryption technology protects users' data by guaranteeing secure communication between Axzon sensors and authenticated readers while ensuring the integrity of the data.

Since its founding in 2006, Axzon has led the expansion of sensing capabilities to meet the unique, large-scale demands of businesses whose success depends on knowing more about their operating conditions, including automotive manufacturing, healthcare, predictive maintenance, switchgear, cold-chain, and data centers. Axzon's solutions include wireless Smart Passive Sensors™, and other patented and patent-pending industrial IoT solutions.
