

CUBIX TO BUILD 'BOSS OF THE WORLD' – A DELIGHT FOR CHEERLEADING PATRONS

Cubix Selected as Simulation Game Developer for Epic Cheerleading Game for iOS, Android, and Desktops.

WEST PALM BEACH, FLORIDA, UNITED STATES, March 22, 2023

/EINPresswire.com/ -- Florida, March 21, 2023 – Cubix is set to build a robust game for cheerleading patrons after many months of planning. The game will be a simulation one based on a gymnasium-centric approach, wherein

users will act as trainers for the cheerleading teams they build within the game.

The game's algorithm is such that it will account for the types of teams that users build, including the training they give them, the types of clothing they select, the training routines, and much more.

“

Boss of the world built by Cubix will be a fast-paced and accurate All-Star Cheerleading game.”

Cubix.co

The goal of the entire exercise is to:

- To educate users in an entertaining manner.
- To spread information and insight concerning cheerleading, and its preparation and training.
- To capture a viable and largely untapped market that presents immense potential for exploration.

These aims are based on the need to:

- Create/reinforce a digital space where participants can learn, explore, and perform cheerleading roles.
- Comprehend and explore the importance of training and trainers in a fully-equipped gymnasium.
- Learn and adhere to the idea of goal setting and consistency for performance enhancement.

Cubix has consistently received positive reviews and high ratings at credible rating platforms that highlight brands for their consistency and top performance. Standing out among credible [software development companies](#), Cubix demonstrates a track record of consistent performance

BOSS OF THE WORLD

and top-notch services that have resulted in major awards and recognitions to their credit.
