

Agility Insurance Services Prepares Health Insurance Agents to Assist Consumers That May be Losing Medicaid Coverage

RICHARDSON, TEXAS, UNITED STATES OF AMERICA, March 20, 2023

/EINPresswire.com/ -- Today, Agility Insurance Services is excited to announce its readiness to assist agents in aiding consumers affected by the repeal of the Medicaid continuous enrollment requirement. Agility has developed a strategic plan for its agents to be present in the communities that will be impacted by this [Texas Medicaid redetermination](#).

As of November 2022, over 5.6 million Medicaid and CHIP members in Texas will undergo eligibility redetermination within the standard 12-month period. The Texas Health and Human Services Commission (HHSC) has developed a plan to stagger the redeterminations over several months, starting on April 1st, and divide the continuous coverage population into three cohorts. The goal is to prioritize redeterminations for those who are most likely to be ineligible or eligible for another program, establish a sustainable renewal schedule for future years, and reduce the risk of overwhelming the eligibility system or workforce. By taking this approach, HHSC aims to manage a large number of redeterminations while ensuring that eligible individuals maintain their coverage.

Agility Insurance Services is excited to utilize its partnership expansion with El Rancho Supermercados, one of the fastest-growing grocers serving Hispanic communities in Texas, to allow its agents to assist consumers with the potential switch from Medicaid to Affordable Care Act (ACA) and Medicare health plans. This partnership presents a significant opportunity for Agility's agents to engage with potential customers, discuss health insurance options, and enroll customers in health plans that meet their needs.

Agility Insurance Services is thrilled to offer its agents the chance to work in storefronts and spaces within El Rancho Supermercados' 28 locations. This opportunity is reserved for agents who have demonstrated excellence in Medicare and ACA health plan product enrollments. The partnership with El Rancho Supermercados and Agility Insurance Services was a success in 2022, and Agility looks forward to expanding its relationship in 2023 and beyond. Agility Insurance

Services is committed to making data-driven decisions based on feedback from agents and customers, proud to be working with one of the premier grocers and retailers serving Hispanic communities in the U.S. They look forward to growing with the El Rancho family for many years to come.
