

Impetus Technologies Achieves Elite Tier Partner Status with Snowflake

This achievement reinforces Impetus' expertise in helping businesses accelerate their cloud modernization journey to Snowflake and leverage its new age benefits

LOS GATOS, CALIFORNIA, UNITED STATES, March 21, 2023 /EINPresswire.com/ -- Impetus

“

Snowflake's partnership with Impetus Technologies showcases a powerful combination of capabilities to streamline the entire data, cloud, and analytics journey for our joint customers.”

Murat Aksu, VP, Global Partnership & Alliances, Impetus Technologies.

Technologies Inc., a digital engineering company focused on delivering expert services and products to help enterprises reach their transformation goals, announced that it has achieved Elite Tier Partner status from [Snowflake](#), the Data Cloud Company. As an Elite partner, Impetus can accelerate the digital transformation of its joint customers, who can fully leverage the performance, flexibility, and near-infinite scalability of the Snowflake Data Cloud.

“We're thrilled to achieve the Elite Tier Partner status with Snowflake, the highest tier in the Snowflake Partner Network. It's a testament to our strong track record of helping enterprises transform their data strategy,

architecture, and operations with Snowflake's cloud-native and data-driven approach,” said Murat Aksu, Vice President, Global Partnership & Alliances, Impetus Technologies.

“Our expertise in cloud engineering, performance optimization, data platform engineering, AI/ML, and application modernization has enabled our customers across different industries to leverage Snowflake's scalable and intelligent Data Cloud,” added Aksu.

The partnership between Impetus and Snowflake will help joint customers across various sectors to scale their data and analytics needs. With a large and diverse team of Snowflake-certified professionals, Impetus can help enterprises unlock analytical-driven business outcomes, create new revenue streams, and optimize costs with Snowflake's modern solutions.

Enterprises looking to migrate mission-critical workloads to Snowflake can leverage [LeapLogic](#), Impetus' automated cloud accelerator. Its end-to-end modernization capabilities have helped several Fortune 500 companies reap the analytical benefits of Snowflake without any business

disruption, at lower risk and with faster time-to-market.

“Snowflake’s partnership with Impetus Technologies showcases a powerful combination of capabilities to streamline the entire data, cloud, and analytics journey for our joint customers. Impetus’ Elite status demonstrates its commitment to helping its customers leverage the true potential of Snowflake’s single, integrated platform to accelerate their business growth,” said Katie Ecklund, Sr. Director of Partner Sales - America, at Snowflake.

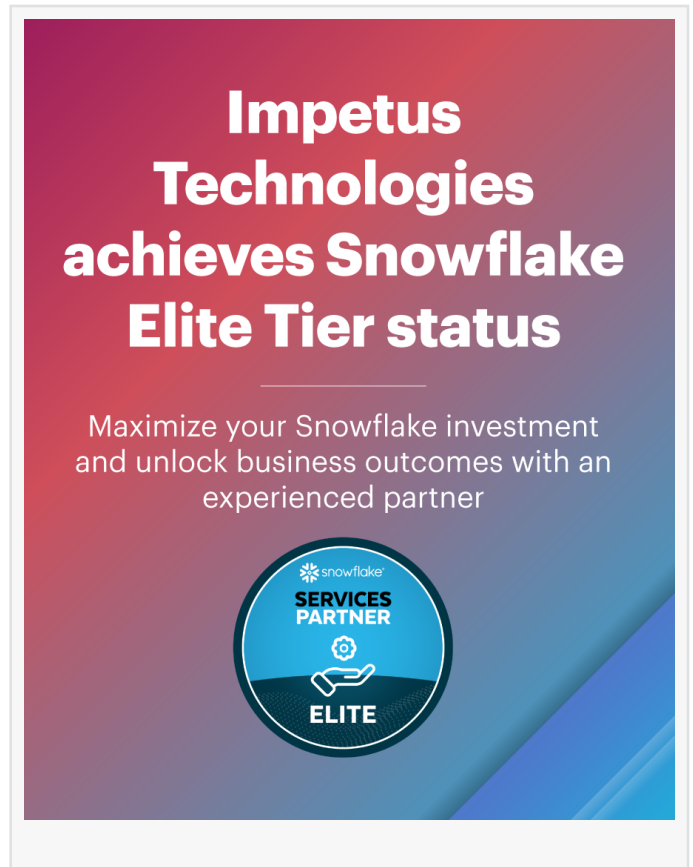

The Snowflake Partner Network unlocks the potential of the Data Cloud with a broad array of tools and partners. Certified partnerships and integrations enable customers to leverage Snowflake’s flexibility, performance, and ease of use to deliver more meaningful data insights.
