This study mainly helps understand which market segments or Countries; Insurance carriers, and Aggregators should focus on in years to come to channel their efforts and investments in Worldwide Child Life Insurance to maximize growth and profitability. The growth in 2020 is noticeably slower and mature markets in North America and Western Europe requires “heavy lifting” to address such trends due to the dynamic macroeconomic and regulatory environment.

The distribution channels in the insurance industry, are always of great importance, reflecting the “push” nature of Worldwide Child Life Insurance offering in the industry. The distribution model has continued to evolve as insurers try to better connect with their customers. Over the years, the Worldwide Child Life Insurance industry has seen a clear dominance of face-to-face selling (agents and brokers). However, with the increasing penetration of the Internet and customers preferring convenience, the digital mode of sales is becoming increasingly popular in Worldwide Child Life Insurance.

Furthermore, the years considered for the study are as follows:

Historical year – 2018-2022

Base year – 2022

Forecast period – 2023 to 2029
