

MarketsandMarkets Neuroscience R&D Conference Returns for Its 6th Annual Edition in London

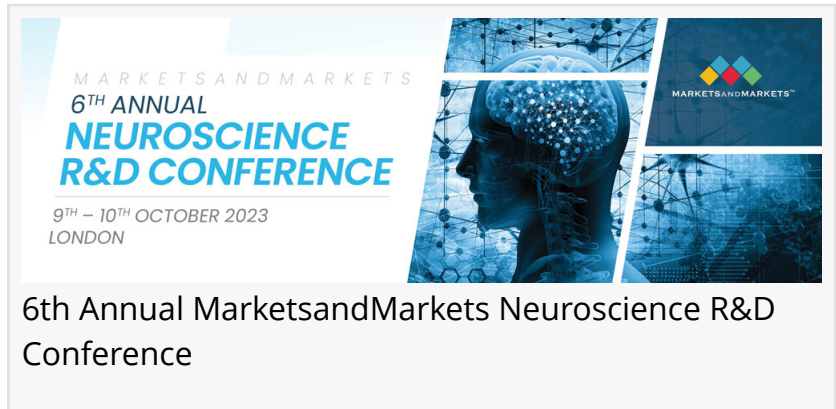

With the advent of neural implants and novel therapies, the cure of multiple neurodegenerative disorders proves wholesome for the patients' suffering.

LONDON, UNITED KINGDOM, March 21, 2023 /EINPresswire.com/ -- The [6th Annual MarketsandMarkets Neuroscience R&D Conference](https://events.marketsandmarkets.com/6th-neuroscience-rd-conference/enquiry) is set to

take place on October 9th and 10th, 2023 in London. The event will bring together leading experts in the field of neuroscience research and development from around the world to discuss the latest trends, challenges, and opportunities in this rapidly evolving field.

The theme of this year's conference is "Unfolding the recent advancements in preclinical and translational approaches treating neurodegenerative disorders." The two-day event will feature keynote speeches, panel discussions, and presentations from renowned scientists, industry leaders, and entrepreneurs who are shaping the future of neuroscience research.

For more information, please visit: <https://events.marketsandmarkets.com/6th-neuroscience-rd-conference/enquiry>

The conference will cover a wide range of topics related to neuroscience R&D, including Neurodegeneration and Novel Therapeutics, Human iPSCs And Antibodies in Neuroscience Research, Inclusion of AI and Digital Biomarkers, Neuromodulation and Future Developments in Neuroscience R&D and more. Attendees will have the opportunity to learn about the latest research and development trends, as well as network with their peers and potential partners.

Key topics to be discussed include:

- Inflammation in multiple neurodegenerative diseases
- Role of the glial cells in CNS disorders
- Human iPSC for therapeutic approaches to the nervous system

- New Approaches in the development of anti-amyloid antibodies
- Emerging Role of AI and big data in neuroscience
- Disease modelling and drug discovery
- Neural Implants and their role in brain monitoring
- Future Predictions in drug development for Alzheimer's disease

The two-day event will include tailor-made discussions, real case studies, and expert keynote presentations, providing participants with the chance to attend this scientific gathering, network with other business professionals, and remain current on the most recent developments in neuroscience research.

The event will feature a line-up of world-renowned speakers, who will share their expertise and insights on the latest trends and developments in neuroscience research and development.

REGISTER OR BECOME A SPONSOR: <https://events.marketsandmarkets.com/6th-neuroscience-rd-conference/become-sponsor>

Confirmed speakers include:

- Clare Jones, CSO, Talisman therapeutics
- Jenny Barnett, CEO, Monument Therapeutics
- Zameel Cader, Professor of Neuroscience and Neurology, University of Oxford
- Mark Dallus, Professor in cellular neuroscience, University of Reading
- Michela Chiappalone, Associate Professor, University of Genova
- Murali Gopalakrishnan, Global Head, Neuroscience Search & Evaluation, AbbVie
- Monica Frega, Assistant Professor, University of Twente
- Simona Skerjanec, Senior VP and Therapeutic Area Head, Roche

In addition to the keynote speeches, the conference will also include panel discussions and presentations from industry leaders and entrepreneurs who are developing innovative solutions to some of the biggest challenges in neuroscience research and development. There will also be networking opportunities and an exhibition showcasing the latest products and services in the field of neuroscience R&D.

The MarketsandMarkets Neuroscience R&D Conference is a must-attend event for anyone involved in neuroscience research and development, including scientists, academics, industry leaders, investors, and entrepreneurs.

REGISTRATION IS NOW OPEN, AND EARLY-BIRD PRICING IS AVAILABLE UNTIL AUGUST 31ST, 2023.
