

New Book "Deep Down Inside" Takes Readers on a Thrilling Journey into the Unknown

NEW YORK, NEW YORK, UNITED STATES, March 21, 2023 /EINPresswire.com/ -- Author Roger Rosenberger takes readers on a hair-raising journey into the unknown in his new book, "Deep Down Inside."

The book, which is a love-letter to all things horror, takes readers on a journey with Dana, who sets out to uncover the truth about a legendary King's Realm and discover whether her grandmother's tales were true.

For years, Dana has been fascinated by the tales her grandmother used to tell her about the King's Realm - a world filled with magical creatures and wonders beyond imagination. But as she got older, she realized that most of these stories were just superstitions, passed down from generation to generation without any proof that they were true.

Determined to discover the truth for herself, Dana sets out on a mission to find the King's Realm, once and for all. Her journey takes her deep into the heart of the forest, where she encounters a strange cabin that seems to appear out of nowhere. It's here that Dana's adventure truly begins, as she's thrown headfirst into a world of supernatural beings that she never could have imagined.

As she searches for answers, Dana is forced to confront her deepest fears, and face down creatures that seem to exist solely to torment her. With the help of a guide who may or may not have her best interests at heart, Dana travels deeper into the underworld, never quite sure what she'll find around the next corner.
