

Knockout 2: Wrath of the Karen announced

In America, all disagreements are solved through boxing. Knockout 2: Wrath of the Karen arrives in 2024.

SPOKANE VALLEY, WA, UNITED STATES, March 21, 2023 /EINPresswire.com/ -- Indie game studio ExceptionNULL Games today announced Knockout 2: Wrath of the Karen. Fight for honor in a hilarious alternate reality where all problems are solved through boxing.

Knockout 2: Wrath of the Karen

Billed as a spiritual successor to Nintendo's Punch-Out!! games,

Knockout 2 pits the player against the worst of society and the only way out is through fisticuffs. Got cut in line at the grocery store? That's a boxing match. Offended a scam caller? That's a boxing match, too. In fact, all laws, court cases, and skimping out on sandwich toppings are resolved through combat in a world where civil discourse has failed.

Knockout 2 builds upon the exciting gameplay of its predecessor. ExceptionNULL Games once again flings their sharp comedic storytelling in all directions, and no one is safe from the splashback. Knockout 2 leaves behind the electoral politics of the first game and takes on society at large, leading you on a road trip across America and around the world. Mete out pugilistic justice through fast-paced rhythm boxing gameplay with tight controls and charming graphics. Tricky opponents are realized with a mix of traditional and modern animation, each with a puzzle to pick apart and solve before expertly playing them like a fiddle.

Knockout 2: Wrath of the Karen launches on Steam, Android, and iOS in 2024.
