Jamie Buttigieg, Australian Franchisor for Skill Samurai, says, "We are excited to welcome Richard Colson as a new franchise partner. His extensive experience in medical care, care planning, relationship building, and education, along with his role as acting Operations Centre Supervisor for Queensland Ambulance Service, make him an invaluable addition to our growing network. We're eager to see the positive impact he'll have on the Gold Coast community."

“

I am thrilled to be a part of the Skill Samurai family, and I'm eager to help children in the Gold Coast area develop essential skills in coding and STEM”

The addition of Richard Colson as a franchise partner highlights the continued growth and demand for STEM

enrichment education in Australia. Skill Samurai now boasts five brick-and-mortar locations across the country, with even more on the horizon. This expansion underscores the importance of quality STEM education for Australian children, equipping them with the necessary skills for

future success.

Richard Colson, the new franchise partner, shares his enthusiasm for joining Skill Samurai: "I am thrilled to be a part of the Skill Samurai family, and I'm eager to help children in the Gold Coast area develop essential skills in coding and STEM education. With my background in nursing and management, I am confident that I can contribute meaningfully to the success of Skill Samurai and positively impact the lives of children in my community."

The new Gold Coast location will offer Skill Samurai's ground-breaking [MathCode™](#) Mastery Method, an integrated learning approach that combines maths and coding to help children achieve mastery with increased engagement. In addition to coding and STEM education, Skill Samurai provides an extensive curriculum designed to foster growth and learning in children.

In addition, Skill Samurai offers a diverse range of educational programs to cater to various age groups and interests. School Programs, including Coding & STEM Incursions, bring interactive learning experiences directly into the classroom. For younger children aged 4-5, School-Ready Programs are designed to equip

them with the necessary foundational skills to excel in school. During school holidays, Skill Samurai hosts engaging School Holiday Tech Camps to keep children's minds active and challenged while having fun. After-school Coding & STEM Classes feature Robotics & 3D Printing, providing students with hands-on opportunities to explore the exciting world of technology and programming. Skill Samurai's comprehensive offerings ensure that children of all ages and skill levels can access high-quality STEM education that will prepare them for a bright future in the
