

# The First Hype Snagger Emerging Technology Summit: Redefining Efficiency and Reshaping the Future

BOULDER, COLORADO, UNITED STATES, March 22, 2023 /EINPresswire.com/ -- [Hype Snagger](https://www.hypesnagger.com) is proud to present the [Hype Snagger Emerging Technology Summit](https://www.hypesnagger.com), an exceptional event that will take attendees on a journey into the future. With a focus on groundbreaking technologies, cutting-edge trends, and innovative strategies, the summit is poised to redefine efficiency and reshape the world as we know it.

The summit features an impressive lineup of keynote speakers, including Amar Hussain MSc., David Astoria, Kishore Jethanandani, Jacqueline DeStefano-Tangorra, Kenneth Hellberg, and Sven Patzer. Attendees will have the opportunity to learn from some of the best minds in the industry and gain invaluable insights into emerging technologies.

Amar Hussain MSc., a titan in the field of Data & AI, will provide exceptional insights into the world of artificial intelligence. His visionary expertise and insights have been gleaned from an illustrious career at Microsoft, Google, and other prestigious organizations. Attendees will have the chance to learn from his experience and insights into this rapidly evolving field.

David Astoria, the ingenious Founder & CEO of PRANOS.ai, will offer captivating insights into the future of display technology, entrepreneurship, and what it takes to be a trailblazer in this fast-

paced digital age. His experience and expertise in these areas are sure to inspire attendees to pursue their own innovative ideas.

Kishore Jethanandani, MBA, MA, MPhil, an expert in emerging technology and a seasoned futurist, will share his exceptional foresight on the technological advancements that will revolutionize industries across the globe. Attendees can expect to gain invaluable insights into emerging technologies and their impact on various industries.

Jacqueline DeStefano-Tangorra, CPA, a technology consultant and CEO of Omni Business Intelligence Solutions, is an AI enthusiast, Massachusetts Institute of Technology data science student, and best-selling poet. Her unique perspective on augmenting human creativity and emerging biotech will be a highlight of the summit.

Kenneth Hellberg, MBA, a founding account executive at Proceptual, will provide invaluable insights into the future of technology's impact on compliance and hiring processes. Attendees can expect to learn how transformative solutions can benefit people, the planet, and profit.

Sven Patzer, a prodigious entrepreneur, investor, inventor, and influencer, will inspire attendees with his executive acumen and hosting abilities. As the 23-year-old CEO of Hype Snagger and author of the groundbreaking AI book, "[Harmonizing with the Future](#)," Sven has taken the literary world by storm. Attendees will have the chance to learn from his visionary ideas and creative approach to artificial intelligence.

"Harmonizing with the Future" offers readers a transformative look into the world of artificial intelligence and its potential to revolutionize industries, businesses, and our everyday lives. Sven's visionary ideas and creative approach have captured the hearts and minds of readers worldwide.

The Hype Snagger Emerging Technology Summit is a rare opportunity to learn from some of the brightest minds in the technology cosmos. The summit will equip attendees with the knowledge and skills to stay ahead of the competition in today's rapidly advancing technology landscape. Attendees can expect to gain invaluable insights into vital compliance issues and evolving regulations. Business Roun
