

New Community-Based Education Program on Data Privacy Launches for Professionals and HS Students NATIONWIDE

A powerful collaboration among CGU, ISSA-LA and Data Privacy Help, LLC for significant impact in the Los Angeles-Inland Empire region and nationwide.

LOS ANGELES, CA, UNITED STATES, April 24, 2023 /EINPresswire.com/ -- Information Systems Security Association-Los Angeles ([ISSA-LA](#)), [Claremont Graduate University](#) (CGU), and [Data Privacy Help, LLC](#) have collaborated to provide a comprehensive and accessible education program on data privacy to both local and national communities. Whether you're a high school student, a working professional, or a member of an organization, this program provides valuable insights and skills to navigate data privacy regulations, protect personal information, as well as build trust and long-term relationships between organizations and customers.

"We are proud to announce the launch of a new program aimed at supporting the needs of our communities. This community-based program is designed to equip individuals with the essential skills and knowledge required to navigate data privacy regulations effectively," said Len Jessup, President of Claremont Graduate University. "Given the rising concerns about data privacy, it has become increasingly important to educate both individuals and organizations on the significance of safeguarding personal data, he added."
