DHAKA, DHAKA, BANGLADESH, March 23, 2023 /EINPresswire.com/ -- [RFLeShop](#) which began on January 10, 2022 recently celebrated its one-year anniversary. This online giant follows a D2C business model. Under this model a manufacturer sells its products directly to consumers. This model bypasses a host of wholesalers, distributors and retailers. This bypassing of this middle-men RFLeShop, as a concern of [RFL Group](#), gets control over every activity and manages to deliver the right product at the right time.

RFLeshop, in its first year, has accomplished much in a short time. It has successfully completed over 6k+ orders from around the country. What's more impressive is that they completed those orders and managed to ensure 100% customer satisfaction. RFLeShop managed to do these as they consistently offer the best products at the best prices on the market to make your online shopping experience more peaceful. You can also enjoy the benefits of RFL's online store's [promotional deals](#) and discounts. Their top page features daily deals on products of all categories, which also occasionally provides discounts on holidays and special events.
