CHICAGO, IL, UNITED STATES, March 23, 2023 /EINPresswire.com/ -- Ty's celebration of creativity

“

a combination of heart and passion, which is the most beautiful thing. And when you drop everything and go for it, your inter-soul really comes out”

*Ty Nitz*

featured a variety of his bold works of art, which were on display for an eclectic crowd of art enthusiasts and entrepreneurs. His range of creativity spanned across several innovative multi-dimensional pieces, vivid graffiti art, mixed media and abstract work.

Throughout the evening, Ty emphasized how his work comes from "a combination of heart and passion, which is the most beautiful thing. And when you drop everything and go for it, your inter-soul really comes out". His passion

for art was evident as he created a live art piece that depicted an aerial view of Michael Jordan floating over Mars.

During Ty's accession as a contemporary fine artist, he has credited his team for their essential role in his success stating "it wouldn't be possible without this team. It takes a village, and I am so grateful for everyone."

Ty was accompanied by his Pilsen based team led by Art Director, Charlie Glitch, with musical performances by Rob Threezy, percussionist Lester Rey and Manny on Saxophone. The evening was documented by Chicago cinematographer, Alex de Guzman. Click here to see the [video recap and pictures from the event](#).
