The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by

some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. "What makes this program special is that, in addition to very interesting reading material, it is an opportunity to peek into the brains of notable people of diverse backgrounds on risk and take their advice on how to mitigate it and how to apply better risk governance!," said Antigoni.
