

# Highlights from the Round Up News Magazine this week - March 23, 2023

SUNDRE, ALBERTA, CANADA, March 23, 2023 /EINPresswire.com/ --

Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular Round Up News Magazine. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top videos this week include a look into why construction projects seem to always go over budget. Practical Engineering does an in depth analysis as to reasons construction budgets rarely align with construction costs. The second top video is courtesy of Top Luxury who examine why some new megacities are being built from scratch and built for millions of people. So why are they still empty?
