Philip Rees, CTO at Tidal.Cloud

The Report on Business magazine Best Executive Awards is an annual editorial initiative which celebrates excellence among non-CEO leaders at the SVP, EVP and C-suite (or equivalent) levels. The winners chosen for 2023 represent exceptional non-CEO leadership in five functional areas: Finance; Human Resources; Operations; Sales and

Marketing; and Technology.

“It is an honour to have been named a recipient of this award. I really would not be deserving of this without the daily and continued efforts of the entire team at Tidal. All of the successes we have had are a direct result of the dedication and collaboration of every employee at Tidal.” said Philip Rees, CTO of Tidal.Cloud.

“Phil enriches our organization in many ways. First, by developing and leading our product developments and launches, he elevates and advances the technology profession through Tidal. Secondly, his leadership style is inspiring in a way that he embodies Tidal's values while leading by example and empowering our team as a whole.” said David Colebatch, CEO of Tidal.Cloud.

The Globe and Mail launched the Report on Business magazine Best Executive Awards in 2020. Winning executives for 2023 were chosen after a call for nominations for leaders at Canadian public and private businesses, not-for-profits, institutions and/or academic institutions. Nominations were assessed by the Report on Business editorial team based on career background, leadership style, achievements, and impact.

Winners of the Best Executive Awards are profiled editorially in the April issue of Report on Business magazine, out online on April 19 and in print April 29.
