

\$125 Million Dollar Initiative Pays Jesse Daniels \$18,000 to Power His Business Ventures

Jesse A. Daniels: Innovator, Creative Director & Developer of Revolutionary Methods for Success

NEW YORK, NEW YORK, UNITED STATES, March 26, 2023

/EINPresswire.com/ -- Jesse A. Daniels, internationally known as "The Chief Creative Officer & CEO", has been an innovator and creative director since 2011, developing modern day revolutionary methods for success. In 2014, Daniels had to depart from Marist College due to a food poisoning illness during his mid-terms that had negatively affected his GPA. After rebuilding his physical and mental health by regularly filming professional basketball workout tapes at Golds gym in LaGrange, Daniels enrolled in school at Dutchess Community College and was able to raise his overall GPA to the standard he was accustomed to in his earlier years in school.

“

Love”

Jesse Daniels

From 2016 to 2017, Daniels was chosen for Nike commercials, movie roles and sport coordinator roles in New York City, making him one of the top Sports and Business professionals in the world. In 2018, he signed with Life Time at Sky in Manhattan New York and was able to interact with many NBA players and their business contacts, including Lebron James and Carmelo Anthony.

This led to a spot on the Dr.Oz show alongside Daniel Puder, a Million Dollar Tough enough champ winner for the WWE.

In 2019, NBA prospect Jesse Daniels signed with Bervann Sport and co-hosted a gala at the Metropolitan Club in New York with \$5 trillion AUM in attendance. Val Nzhie, CEO of Bervann, said, "Big shout out our colleagues from the sport division and thank you to our friends at Morgan Stanley for referring Jesse to us. The sport wing of Bervann Capital partners with athletes and helps them manage their career, while exposing them to all Bervann Capital has to offer on the investment side - it's a tremendous upside as Bervann Sports encourages its protégés to bet on their talents, but also build or invest in entrepreneurial ventures that give them an overall edge and separate them from just being athletes."

From 2022 to 2023, Jesse Daniels, a successful entrepreneur and business owner, has been awarded \$18,000 from a \$125 million dollar initiative to help power his business ventures. The initiative, which is funded by a private investor, is designed to help entrepreneurs and business owners like Daniels to grow their businesses and reach their goals. Daniels, who has been running his own business for the past five years, is thrilled to receive the funding. He plans to use the money to expand his business, hire more employees, and invest in new technology.

"I'm so grateful to have been chosen for this initiative," said Daniels. "This money will help me to take my business to the next level and reach my goals. I'm excited to see what the future holds for my business." The \$125 million dollar initiative is part of a larger effort to help entrepreneurs and business owners succeed.

"We are thrilled to be able to provide this funding to Jesse Daniels and other entrepreneurs and business owners," said the investor. "We believe that by investing in these individuals, we can help them to reach their goals and make a positive impact on the economy."

Daniels' simple life principles have allowed him to become a FilmMaker, Movie Star, a temporary Chief Executive Officer & Co-Owner of a Pharmaceutical Company called, "Dermacare Safety Products, LLC" and acquire a vast number of resources.

His success in capitalizing on opportunities has allowed him to join the ranks of the world's top 1% high achieving individuals and teams. With his ambition and drive, there is no telling what he will accomplish next.
