

Eric Blue, American Businessman, Provides Insight into Nevly on IdeaMensch

The CEO of Nevly, Eric Blue, shared how his new business stems from struggles as a child.

WASHINGTON, DISTRICT OF COLUMBIA, UNITED STATES, March 29, 2023 /EINPresswire.com/ -- The CEO of Nevly, Eric Blue, shared how his new business stems from struggles as a child. After watching his single mother battle substance abuse and financial struggles, he promised himself that he'd find a way to improve life.

A new IdeaMensch interview with Blue touches on this topic and more.

Readers get a better idea of Blue's ultimate vision as he talks mainly about Nevly and his plans to grow the business. As the CEO, he has high expectations for the company.

Eric Blue, CEO of fintech company Nevly, shares more insight on entrepreneurship in Idea Mensch interview.

In the first part of the interview, questions primarily focused on how Nevly came to be. Blue goes over how he came up with the idea, what motivated him to jump into being a CEO, and how much potential he believes it has as a company. The 2021 launch was a culmination of Blue's work since childhood to use technology to create better financial health opportunities for others.

Financial struggles can vary from person to person. Some struggle with saving, while others face considerable debt. Blue opens up in the interview about how he saw this happening with his mother as a child, and he didn't want the financial struggles to linger over his family forever.

Productivity is another theme of the interview. Like any American businessman, he struggles to find time for activities outside of work. He talks about ways he's able to stay on schedule. He also strives to manage his team appropriately and without criticism.

Some of the methods mentioned in the interview include the Hybrid 2.0 Working Model and a company's North Star. After sampling a few different approaches, these have worked best for him.

Every interview question regarding his future outlook resulted in him explaining the current needs of consumers. While there is still plenty of work to get Nevly where he wants it to be, he feels he has the infrastructure to get it there. He mentions the Nevly mobile app, set to launch in 2023, as a high priority.

Not all questions in the interview focused on Nevly. In the final part, Blue answers questions about himself as an individual. This allows readers to learn more about Blue away from work, humanizing the businessman while understanding how he balances a heavy workload.

Financial health can dictate many aspects of a person's life. [Eric Blue wants Nevly](#) to simplify finance and make people feel confident with money. Getting a chance to share his story lets people in on why Blue believes his company can change the industry for the better.
