reseller of [PTC](#) CAD, PLM, AR, and IoT software, services, and training, has entered into a partnership and asset acquisition agreement with Massachusetts-based PTC reseller [Boston Engineering](#). The acquisition was effective December 29, when PDSVISION took over all of Boston Engineering's PTC software license, maintenance, and subscription sales, along with their PTC software implementation and consulting services team.

The sale of the PTC business allows Boston Engineering to focus on its core business of product development and engineering consulting services. With access to

PDSVISION's comprehensive product development solutions, former Boston Engineering PTC customers will now be supported by PDSVISION's global team which offers complete simulation packages that combine industry-leading software solutions from PTC, Ansys and others; technical support; and professional training.

"We are very excited that PDSVISION US, Inc. has acquired the PTC business unit from Boston Engineering. We believe this will have an immediate, positive impact on customer satisfaction, recurring revenue, and new software growth as PDSVISION US, Inc. continues to heavily invest in these three areas," said Stuart Heavyside, Channel Chief, PTC. "Congratulations to the PDSVISION team, and PTC looks forward to working with you for continued success and growth."

PDSVISION US combines CAD, PLM, IoT, and Industry 4.0 software and services for the engineering and manufacturing industries. With this acquisition of the Boston Engineering PTC Reseller business, PDSVISION US furthers its dedication to the PTC platform and building upon its long history as a PTC services provider. The acquisition expands PDSVISION US's presence in Massachusetts and the surrounding states.

PDSVISION US is a leading global digital transformation solution provider and a trusted long-time

business partner of PTC and part of the PDSVISION Group of companies, which is headquartered in Sweden with operations in Finland, Denmark, Norway, Germany, United Kingdom, South Africa, Canada, India, Singapore, and the USA.

PDSVISION US provides turnkey consulting and project implementation services for manufacturing companies using leading PLM/MCAD software in the market. The company provides PLM, MCAD, advisory, and engineering consulting services to worldwide businesses of all sizes, including many Fortune 500/1000 companies.

“The addition of the talented Boston Engineering team and strong customer base deepens our commitment to the PTC platform and expands our presence in the Northeast,” said Brian Bezdek, Managing Director for PDSVISION North America. “It is another step toward our goal for PDSVISION to be the preeminent PTC partner in North America and globally.”
