About NYC Second Chance Rescue:

NYC Second Chance Rescue is a 501(c)(3) non-profit organization established in 2009. With the help of a community of donors and supporters, the Charity has saved over 14,000 lives from an unimaginable fate. NYC Second Chance Rescue concentrates its efforts on large breed dogs and animals in need of critical life-saving care. These two criteria make up most of the euthanasias in the United States. Nine out of ten animals that enter NYC Second Chance Rescue were once set to be euthanized at a municipal shelter.

NYC Second Chance Rescue provides all levels of medical care and a healing and safe sanctuary for all pets through our foster care system and our Rescue Center. We do not discriminate on age, size, breed, or medical needs. We have a soft spot for pit-bulls, seniors, and hospice patients. We also love our community and believe that families should not be pulled apart because of financial restraints. The Charity offers free food and critical medical care for families running on hard times. These programs help keep families together and beloved pets out of the shelter system.
