Health (Well-Being) Insurance Market Overview
Health insurance, also known as medical insurance or healthcare insurance, is a type of insurance coverage that provides financial protection against the cost of medical expenses. It typically covers expenses related to preventive care, hospitalization, emergency services, prescription drugs, and other medical expenses. Individuals or groups pay a monthly or annual premium to the insurance

company to secure coverage. In return, the insurance company pays for all or a portion of the medical expenses incurred by the insured person. Health insurance policies can vary widely in terms of coverage, deductibles, copays, and other factors.
