

BLUETTI to Release AC180, Making Another Breakthrough in Portable Power Station Area

BLUETTI, a market leader in the energy storage industry, is about to unveil a brand-new model - AC180.

GERMANY, March 28, 2023

/EINPresswire.com/ -- BLUETTI, a market leader in the energy storage industry, [is about to unveil a brand-new model - AC180](#). As a successor of the previous portable stations such as EB150 and EB240, AC180 is designed with a bunch of improvements that kit it up a notch, making it a well-deserved portable power station for emergency backup, sudden blackouts, excursions, and more.

To help elevate the off-grid lifestyle, [BLUETTI equips AC180 with a 1.800W constant output power](#) and 1.152Wh capacity, covering almost all power demands of essentials at home or in the wild. Furthermore, AC 180 also comes with a Power Lifting Mode of 2.700W output to effortlessly run high-powered devices like kettles, hair dryers, microwaves, etc.

For outdoor enthusiasts looking for backup power for their camping or RV trips on the road, AC180 is sure to exceed their expectations. Even exploring off the beaten track far from the main grid, the reliable power source is always on call as AC180 supports up to 1.440W Turbo Charging, 0-80% SOC only takes about 45mins. Get it charged before packing up for the getaway, a large amount of power is ready to hit the road.

Given the UPS system, there's no need to worry about losing data or hardware damage in the

BLUETTI AC180 adopts safe and durable LiFePO4 battery cells

event of a power outage since AC180 can automatically detect the blackout the moment it occurs and seamlessly switch over in 20ms that no one can even be aware of.

Keeping high security and longevity in mind, BLUETTI adopts safe and durable LiFePO4 battery cells and guarantees a worry-free warranty for as long as 5 years, which really sets it apart from most competitors throughout the market.

Besides, AC180 is updated with a 1.7-inch LCD display and bigger font size to reveal the power consumption and troubleshooting status more clearly, which is ultra-friendly to the elderly. The innovative silent charging mode ensures a near-noiseless charging experience without disturbing a sleeping baby in the crib.

Remotely monitoring AC180 in real time is a no-brainer thanks to the intelligent BLUETTI APP. Now setting up working modes, checking the system conditions, and OTA updates can be done solely with fingertips.

“Our R&D team once envisioned a power station integrated with portability, capability, and cost performance, and now we’ve made it come true. AC180 has everything users could possibly need without costing an arm and a leg”, said James Ray, the marketing director of BLUETTI.

Though the debut price is not finally decided yet, it’s believed to be the most affordable power station that worth the wait.
