*Trifecta Med Spa celebrates 10 years of transforming lives with top-notch aesthetic treatments and holistic well-being in NYC and Long Island*

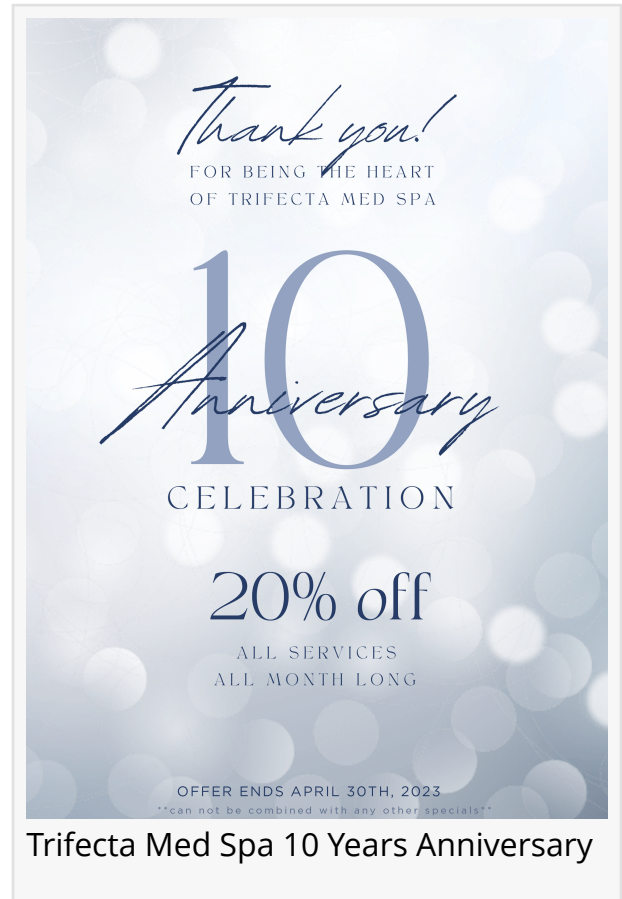

NEW YORK, NY, UNITED STATES, March 29, 2023 /EINPresswire.com/ -- Trifecta Med Spa, a leading provider of aesthetic services and non-surgical treatments, is proud to announce its 10th anniversary this April. Established in 2013 by Dr. Edward Fruitman, M.D., Trifecta Med Spa has grown from a single location in New York City to now operating three locations in the city and one in Long Island.

Over the past decade, Trifecta Med Spa has earned a reputation for excellence in providing cutting-edge treatments and exceptional customer service, thanks to its dedicated and skilled team, dubbed "Team Awesome." This milestone anniversary is a testament to the company's commitment to improving the lives and well-being of its clients through innovative, scientifically-backed treatments, and an unwavering dedication to client satisfaction.

Dr. Edward Fruitman, a Board Certified Psychiatrist and Distinguished Fellow of the American Psychiatric Association, founded Trifecta Med Spa to address the unique connection between mental health and physical appearance. Recognizing that many patients struggling with depression and anxiety also felt dissatisfied with their looks, Dr. Fruitman set out to create a med spa that offers comprehensive solutions for both physical and emotional well-being.

Co-founder Victor Novoselov attributes Trifecta Med Spa's success to its people and philosophy: "Our people are our secret. For us, customer service is everything. The customer always comes first. When we hire someone, we make sure that they share our philosophy. We do everything above and beyond to satisfy them. And of course, we offer amazing treatments."

To celebrate this remarkable milestone, Trifecta Med Spa will be hosting a series of special events and promotions throughout the month of April. Clients can look forward to exclusive

Our 10-year journey has been about enhancing lives, blending aesthetic expertise with emotional well-being."
