Dr. Melanie Icard NMD

Ceremonial Ketamine therapy created by Dr. Icard is a multisensory experience is complete with intake, breathwork, sound, scent, energy work, optional massage and aftercare integration

developed from her extensive training and personal experience. Ketamine is proven to have remarkable effects on mental health, providing quick and long-lasting relief from a range of conditions including depression, anxiety, and PTSD. The ceremonial aspect of this therapy is designed to create a supportive and calming environment for participants, allowing them to focus on their mental and emotional well-being.

Dr. Melanie Icard is highly trained and experienced in the administration of ketamine therapy and provides a safe and supportive environment in a ceremonial setting for participants to

heal and grow. "It has long been known of the stress, and trauma our veterans and first responders experience, this therapy definitely goes right to the heart of the matter to alleviate their suffering. We are eager to offer this innovative therapy to our veterans, and make it affordable to everyone," said Dr. Melanie Icard.
