As implied by the name, broccoli powder is just dried broccoli. Broccoli powder's ingestion has a number of health advantages and is well renowned for fighting severe illnesses like cancer. It has an abundant amount of beta-carotene.

The components from the broccoli plant are dried using a spray or freeze dryer to create broccoli powder. To get broccoli powder, which is dry and free of water, the acquired product is milled or ground.

The top exporting countries in the market are Spain, the United States, China, Mexico, and France. Whereas the leading importers are the United Kingdom, Germany, Canada, and the Netherlands.
