With their consulting services, churches can become stronger and attract more people to the congregation.

Preparing for Amazement Ministries provides church consulting that focuses on church leader and [church health](#). They believe healthy church leaders are the foundation of a flourishing congregation and outweigh advantages, resources, and assets. Churches don't need the latest technology or a large congregation to make a lasting impact on their communities. Strong leadership is necessary to build churches and support congregations with education and service. Any church can also have greater health as an organization.

Preparing for Amazement Ministries works closely with church leaders to focus on their goals and help them find the best ways to serve their congregations. All churches strive to share the good news with the people to empower them for a transformed life. With church consulting, this ministry offers church leaders the path to achieving their goals.
