

Boreas Campers Releases Walkthrough Video of Offroad, Off Grid EOS-12 Camper Trailer

The video tour of the hi-tech, four season offroad camper is available to view now. This is the first offroad camper in NA to feature Garmin's O.N.E. system.

PUEBLO, CO, USA, March 30, 2023 /EINPresswire.com/ -- Boreas Campers has released a full length walkthrough video of the 2023 EOS-12, the hybrid camper that features the Garmin O.N.E. system, Truma Combi, 300 watts of Zamp solar panels, 540 ah of battery and outdoor kitchen.

2023 Boreas Campers EOS-12 Offroad Hybrid Camper

The video showcases the design and layout of the heavy duty chassis and spacious cabin, wet bath, pop top roof, electric and gas systems, the Garmin O.N.E. integration and tablet, and a plethora of additional features. The EOS-12 is the first offroad camper in North America to come with Garmin's O.N.E. system standard.

“

We've had an incredible amount of interest in our offroad, off grid hybrid EOS-12. This video is an easy way for folks to get more information about this hi-tech adventure camper.”

Matt Reichel, Owner, Boreas Campers

“We've had an incredible amount of interest in our offroad, off grid hybrid EOS-12. This video is an easy way for folks to get more information about the adventure camper.” says Matt Reichel, owner of Boreas Campers and host of the walkthrough video. “We're excited to share all of the features we've packed into this perfect-sized family backcountry camper.”
