When [selecting a deck stain](#) for the outdoor space, it's important to consider the color of the stain and how it will complement the overall look of a home. To match this year's color, consider a red or a luxurious deep brown. Both are a great option for those looking to add a pop of

color to their outdoor living area. It pairs well with a variety of other colors, including grays, purples, and neutrals.

When selecting a deck stain, it's also important to consider the type of stain needed. For a bright and vibrant look, a semi-transparent stain is a great option. This type of stain will allow the
