

JUDY RENTZ: ON A VERGE OF A TIGHTROPE

Judy Rentz pens her honesty about her pain and starts healing from within

TORONTO, ONTARIO, CANADA, March 30, 2023 /EINPresswire.com/ -- People always want to be the best that they can be—so does Judy V. Rentz. Unluckily, she suffered a disease-related pain that made her feel down and she went on a venture to find several opinions from different doctors and fly miles around the globe to seek answers.

Judy V. Rentz authored a book titled, [Fighting to Survive](#) to help people like

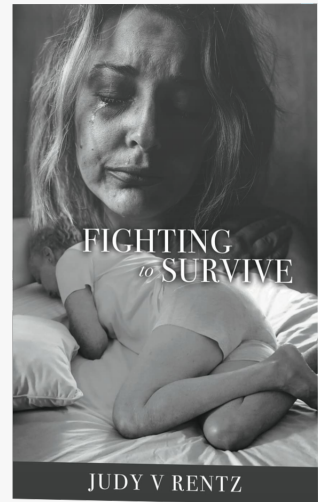

her who are suffering from disease-related pain and are on a verge of a tightrope. Rentz has suffered six years of hip and leg pain, yet she knows that giving up is not an option with Lord by her side. This book will enlighten readers to heal from within and see more positivity in everything that they do in life.

Dan MacIntosh from Pacific Book Review shares with readers, "The best aspect of Rentz's writing is her honesty. This is not a cool, calm, and collected telling of this one women's medical history. She writes as though she's sitting in the room with you and telling her story. The reader's emotions rise and fall with Rentz's."
