According to HTF Market Intelligence, the Global Data

Center Busway market to witness a CAGR of 6.2% during forecast period of 2023-2028. The market is segmented by Global Data Center Busway Market Breakdown by Type (Enterprise Data Centers, Managed Services Data Centers, Cloud-Based Data Centers, Colocation Data Centers, Edge Data Centers, Hyperscale Data Centers) by Deployment Mode (On-Premises, Cloud Based) by Component (Routers, Switches, Firewalls, Storage Systems, Servers) and by Geography (North

America, South America, Europe, Asia Pacific, MEA). The Data Center Busway market size is estimated to increase by USD 334.6 Million at a CAGR of 6.2% from 2023 to 2028. The report includes historic market data from 2017 to 2022E. Currently, market value is pegged at USD 639 Million.

#### Definition:

Data Center Busway refers to a type of power distribution system designed for data center facilities. It consists of an insulated conductor housed in a protective enclosure that is used to deliver power to servers, networking equipment, and other critical loads within a data center. The busway system is a cost-effective, flexible, and efficient alternative to traditional conduit and wire methods of power distribution. It offers higher power density, easier installation, maintenance, and reconfiguration of power distribution within the data center, and improved power quality and reliability. The data center busway market refers to the global market for the manufacturing, distribution, and sales of data center busway systems, components, and accessories.

#### Market Trends:

IT Equipment Is Changing With a Much Higher Frequency Than The Typical Life Expectancy Of The Data Center

#### Market Drivers:

Growing Adoption of Data Centers, Expanding Demand for Compact Power Distribution Solutions for Data Center and Intensifying Growth in Digitalization

#### Market Opportunities:

Better Flexibility and Speed, Improved Latency and Connectivity and Approval of New Technologies in Data Center Busway

The titled segments and sub-section of the market are illuminated below:

The Study Explore the Product Types of Data Center Busway Market: Enterprise Data Centers, Managed Services Data Centers, Cloud-Based Data Centers, Colocation Data Centers, Edge Data Centers, Hyperscale Data Centers

Key Applications/end-users of Data Center Busway Market: On-Premises, Cloud Based

With this report you will learn:

- Who the leading players are in Data Center Busway Market?
- What you should look for in a Data Center Busway
- What trends are driving the Market

- About the changing market behaviour over time with strategic view point to examine competition

Also included in the study are profiles of 15 Data Center Busway vendors, pricing charts, financial outlook, swot analysis, products specification & comparisons matrix with recommended steps for evaluating and determining latest product/service offering.

List of players profiled in this report: Sunbird's (United States), Equinix (United States), Digital Realty (United States), China Telecom (China), NTT Communications (Japan), Amazon Web Services (United States), Coresite (United States), Verizon (United States), Cyxtera Technologies (United States), China Unicom (China)

Who should get most benefit of this report?

- Anyone who are directly or indirectly involved in value chain cycle of this industry and needs to be up to speed on the key players and major trends in the market for Data Center Busway
- Marketers and agencies doing their due diligence in selecting a Data Center Busway for large and enterprise level organizations
- Analysts and vendors looking for current intelligence about this dynamic marketplace.
- Competition who would like to benchmark and correlate themselves with market position and standings in current scenario.

Quick Snapshot and Extracts from TOC of Latest Edition

Overview of Data Center Busway Market

Data Center Busway Size (Sales Volume) Comparison by Type (Enterprise Data Centers, Managed Services Data Centers, Cloud-Based Data Centers, Colocation Data Centers, Edge Data Centers, Hyperscale Data Centers)

Data Center Busway Size (Consumption) and Market Share Comparison by Application (On-Premises, Cloud Based) (2022-2028)

Data Center Busway Size (Value) Comparison by Region (2023-2028)

Data Center Busway Sales, Revenue and Growth Rate (2023-2028)

Data Center Busway Competitive Situation and Current Scenario Analysis

Strategic proposal for estimating sizing of core business segments

Players/Suppliers High Performance Pigments Manufacturing Base Distribution, Sales Area, Product Type (Enterprise Data Centers, Managed Services Data Centers, Cloud-Based Data Centers, Colocation Data Centers, Edge Data Centers, Hyperscale Data Centers)

Analyse competitors, including all important parameters of Data Center Busway

Data Center Busway Manufacturing Cost Analysis

Latest innovative headway and supply chain pattern mapping of leading and merging industry players
