It is a well-known dairy by-product. It is present in yellow and white colours.

It looks semi-solid and comprises of around 80 percent butterfat, at normal temperatures. It is employed as a condiment or spread, after melting.

It is primarily used in baking processes, sauces, and for frying purposes. It is a very high-energy food product and contains approximately 715 calories per 100 grams. It is significantly rich in vitamin A.

New Zealand, the Netherlands, Ireland, Germany, and Belgium are the top producers of butter globally.

Key Details About the [Butter Price](#) Trend:

Procurement Resource does an in-depth analysis of the price trend to bring forth the monthly, quarterly, half-yearly, and yearly information on the Butter price in its latest pricing dashboard. The detailed assessment deeply explores the facts about the product, price change over the weeks, months, and years, key players, industrial uses, and drivers propelling the market and price trends.

Each price record is linked to an easy-to-use graphing device dated back to 2014, which offers a series of functionalities; customization of price currencies and units and downloading of price information as excel files that can be used offline.

The Butter price chart, pricing database, and analysis can prove valuable for procurement managers, directors, and decision-makers to build up their strongly backed-up strategic insights to attain progress and profitability in the business.

Industrial Uses Impacting Butter Price Trend:

Butter is extensively employed in the food industry to make a variety of food products and is used as a flavouring agent in several snacks like cookies, wafers, and other packaged goods.

It can also be utilised as a spread on toast, pancakes, and other bread products. Other than that, it is melted and is further used for frying, dipping, and sauteing.

Additionally, it is also present in some personal care and skin care products.

Key Market Players:

Fonterra Co-operative Group  
Arla Foods Amba

Lactalis Group  
Unilever PLC  
Kerrygold USA

#### News and Events:

September 14, 2022: Recent highs in CME spot butter cost valuations and substantial butter imports may help to alleviate butter scarcities.
