MIDDLETOWN, DELAWARE, UNITED STATES, April 1, 2023

[/Einpresswire.com/](https://www.einpresswire.com/) -- To celebrate Women History Month, Exeleon Magazine released its latest issue of the Most Empowering Women Leaders to Watch in 2023. The issue features stories and interviews of various influential women who are making a mark in their respective industries.

Exeleon is a leading business magazine for leaders and entrepreneurs to showcase their story to a wide-ranging audience, comprising C-Level Executives, Business Professionals, and Management Personalities.

Featuring as the Cover of this issue is Briana Dai, Creative Director of [eWomenNetwork](https://www.eWomenNetwork.com/), Speaker, Brand Strategist, Former Makeup Artist, and Mompreneur.

Briana mentions that the eWomenNetwork mission is simple – to help one million women achieve one million dollars in annual revenue.

She explains that every networking event, masterclass, training, blog, conference, and summit is aligned and centered around this mission. “We are empowering women by ensuring that we are

bringing them the latest information, tools, resources, connections, and opportunities to move them closer towards becoming a million-dollar (or more) business owner.”

As the Cover Feature of this powerful issue, Briana mentions ““Making an impact doesn't have to be at the expense of making money. Choosing a career doesn't have to come at the expense of having a family. And being a female doesn't have to come at the expense of being treated equally to "the boys.”

As the Creative Director of the company, Briana handles all the outward-facing areas of the brand. She oversees the digital marketing, graphic design, and event design teams as well as looks into the brand partnerships and affiliations.
