

On Call Services & Rentals Expands Services to Include Liquid Waste Removal

Tulsa-based provider of on-site services will now offer both hazardous and non-hazardous liquid waste disposal.

TULSA, OKLAHOMA, UNITED STATES, March 31, 2023 /EINPresswire.com/ -- On Call Services & Rentals, a Tulsa-based on-site services provider, is expanding its list of services to include hazardous and non-hazardous [liquid waste management](#).

On Call is excited to help Oklahoma businesses dispose of their consumable products, medical waste, chemical/industrial waste, and more. We ensure safe transportation and disposal of liquid waste in a manner that protects the environment while complying with all local, state, and federal regulations.

In addition to liquid waste disposal, On Call Services also provides portable restroom rental, temporary fencing services, roll-off dumpsters, portable handwashing stations, and holding tanks.

As we add to our service listing we've also readjusted our offerings and will no longer be providing septic services or residential fencing. On Call is excited to refocus our efforts entirely on our commercial customers.

On Call is proud to be northeast Oklahoma's leading provider of on-site services for construction projects, festivals and events, and more.
