AMSTERDAM, NETHERLANDS, April 3, 2023 /EINPresswire.com/ -- [European](#)

[Leadership University](#) is excited to announce the start of the March 2023 cohort of their [Bachelor programmes](#). The session started on 20th March 2023 for all Bachelor disciples, and the students are expected to graduate in 2026.

European Leadership University offers a range of Bachelor programmes, both online and on campus, to students around the globe. The major programmes offered are Software Engineering, Data Science, and AI and Machine Learning.

European Leadership University has always been committed to providing a world-class education to its students. With a team of highly experienced faculty and modern teaching methods, European Leadership University prepares students for future challenges. ELU's Bachelor programmes have been designed to equip students with the skills and knowledge required to succeed in the rapidly changing world of technology.

"We are thrilled to welcome the March 2023 cohort of our Bachelor programmes," said Dr Alper Utku, President of European Leadership University. "Our programmes have been designed to give students the tools they need to become leaders in their fields. Our faculty are experts in their areas and have a wealth of experience in the industry, which they bring to the courses. We are confident that our students will receive a world-class education and go on to make significant contributions to their respective fields."

European Leadership University's Bachelor programmes are highly sought after and attract students from all over the world. The programmes are available both online and on campus, allowing students to choose the option that best suits their needs. ELU's online programmes are designed to provide students with the same level of interaction with faculty and peers, ensuring that students receive a quality education regardless of their location.
