About Altumint, Inc.

Driven by safety and integrity, Altumint offers a resourceful and adaptive partnership to immediately improve public safety. We engineer, manufacture, and support a visual technology system and citation process using artificial intelligence to capture data on people and vehicles who break the law. We add support and resources for law enforcement to monitor speeding in school zones, work zones, running red lights, and ignoring school bus stop arms—anything compromising community safety.

Our expert team provides unmatched customer service and is committed to making responsive changes in technology and processes based on customer and partner feedback. For additional information, please visit our website at altumint.com.
