

# 'Run With Rob' Calls for Canadian MP Parliament Members to Support Bill 226

*Rob Tetrault aims to raise awareness for the Canadian CMB Foundation by running from the Saskatchewan – Manitoba border to the Manitoba – Ontario border.*

WINNIPEG, MANITOBA, CANADA, April 3, 2023 /EINPresswire.com/ -- [Rob Tetrault](#), the face behind the '[Run With Rob](#)' campaign is calling out to all Canadian MP Parliament members to support Bill 226 – critical legislation that would make universal [CMV screening](#) mandatory across the province of Manitoba.

Rob Tetrault, B.A., J.D., MBA, CIM® FCSI, is a renowned Branch Manager, Sr. Investment Advisor, and award-winning Sr. Portfolio Manager of Tetrault Wealth Advisory Group. He boasts previous experience as a successful lawyer at MLT Aikins and is currently an esteemed board member in the Winnipeg community. Rob is a dedicated husband and father who co-founded the Canadian CMV Foundation, a charity on a mission to eradicate congenital CMV (cCMV), the #1 cause of infant disability.

In his most recent news, Rob is making a plea to Canadian MP Parliament members to step up and support the life-changing Bill 226 – much-needed legislation that would make universal CMV screening mandatory across the province of Manitoba. The call comes at a time when Rob himself is going above and beyond to raise awareness and donations through his 'Run With Rob' charity event. Running over the course of 12 days, Rob will run two half marathons per day to raise awareness of Bill 226 and raise funds for the Canadian CMV Foundation. Inspired by Canadian hero, Terry Fox, Rob will run from the Saskatchewan – Manitoba border to the Manitoba – Ontario border in pursuit of ensuring that each baby born in Manitoba is tested for Congenital Cytomegalovirus.

"Manitoba currently implements a targeted newborn cCMV screening program, but legislation (Bill 226) has been proposed that would make universal CMV screening mandatory across the province," Rob states. "Targeted screening is not enough, however, as it only identifies infants with CMV-related hearing loss at birth. As a result, other cases of CMV are left undiagnosed. Universal screening is the only way to ensure that all babies with CMV are diagnosed in a timely manner so that they can receive the care they require."

"It is imperative that all of our Canadian MP Parliament members support this bill if we are to see change in screening measures that desperately needs to happen," he continues. "I am

personally calling on Parliament to do the right thing and support this critical legislation.”

Rob is also inviting any profile serial marathon runners to support the cause in both Canada and the US who would love the chance to run and belong to the cause.

Current sponsors of the ‘Run With Rob’ event include Moderna, CG Wealth Management, MLT Aikins, Avenue Living, Running Room, and many more.
