ABOUT

Raul Torres Baena is an iconic DJ and artist who hails from Medellin, Colombia, and is better known in the artistic world as BAENFAIR. BAENFAIR's interest in music began at the age of 7, and he spent his childhood dedicating more time to trance and disco music, recording his music on cassettes, and showcasing his mixing skills at family gatherings and friend's parties.

In 1995, the artist began to show his DJ talents at events within his community, gradually becoming the resident DJ at small clubs, parties, and local events. After surviving an act of violence against his integrity at the age of 19, he recovered from almost becoming disabled and fine-tuned his own style, creating his own event and sound company (Conexion).

In 2003, he started working with private and commercial events in different parts of his country. Apart from musical endeavours, BAENFAIR has also pursued studies in business administration, graphic design, advertising, financial management, animation, broadcasting, hospitality, and tourism.

A competitive and skilled entrepreneur, BAENFAIR is currently the owner of a digital marketing and artificial intelligence music technology agency called WIRCHI LIVE. He is married to his wife Yesenia Marin, who is an education graduate and entrepreneur, and who supports him unconditionally as he takes his music career to new heights.
