

ellee ven hypes up lazy, loungey hip-hop in “Better Days”

NEW YORK, NY, UNITED STATES OF AMERICA, April 11, 2023

/EINPresswire.com/ -- ellee ven and her most prolific collaborator Prodéje release “Better Days” on April 11th, 2023. This track was recorded earlier this year at Larrabee studios in Los Angeles, with ellee ven’s dream team, The Groovalution.

Producer Terry Santiel also graces the track with the shekere, a West African percussion instrument known as the “mother of all shakers.” He’s put the icing on the cake, fusing the multiple influences of the soundscape that ellee ven has become known for.

This time the sound leans toward a more “lazy, loungey hip-hop vibe” with rhymes from rapper Prodéje. In this song he raps about searching for “the magnificent”, while ellee ven reminds us to hold ourselves accountable and to be optimistic in honest connection.

“From the first beat of the song you feel as if you’re sitting at a bar discussing the days ahead,” says ellee ven. “We may not be able to solve the world’s woes, but we can stay connected... We have to. We can’t connect and project simultaneously.”
