

Coronary Stents Market Size (USD 15.4 billion by 2030): Rising Prevalence of Cardiovascular Diseases to Drive Growth

Increase in prevalence of coronary artery diseases, improvement in patient outcomes with stenting are some factors which drive the growth of the global market

PORTLAND, OREGON, UNITED STATES, April 9, 2023 /EINPresswire.com/ -- Allied Market Research has published a study report with the title [Coronary Stents Market](#) Size accounted for USD 8.8 billion in 2020, and it is estimated to surpass around USD 15.4 billion by 2030, registering a CAGR of 6% from 2021 to 2030.

This report provides a comprehensive overview of the Coronary Stents Market, including an in-depth analysis of market trends, key segments, investment opportunities, value chain analysis, regional landscape, and competitive scenarios. It offers valuable insights for established market players, new entrants, investors, and other stakeholders to devise effective strategies and make informed decisions to enhance their market position. The report is a valuable resource for anyone seeking to gain a deeper understanding of the Coronary Stents Market and its growth potential in the future.

Coronary stents are medical devices used to treat coronary artery disease (CAD). They are small, mesh-like structures that are inserted into the coronary arteries to keep them open and improve blood flow. The global coronary stents market is expected to reach a size of USD 15.4 billion by 2030, growing at a CAGR of 6% from 2021 to 2030. The market is driven by the increasing prevalence of CAD, the growing number of minimally invasive surgical procedures, and the development of new stent technologies. The market is also expected to be driven by the growing demand for coronary stents in emerging markets.

Market Overview:

Coronary stents are small, expandable metal or polymer mesh tubes that are used to treat narrowed or blocked coronary arteries. Coronary arteries are the blood vessels that supply oxygen and nutrients to the heart muscle. When these arteries become narrowed or blocked due to a buildup of plaque, it can lead to chest pain or angina, and in severe cases, a heart attack.

Key players in the coronary stents market include:

- Terumo Corporation
- Medtronic plc.
- Biotronik SE & Co. KG
- Abbott Laboratories
- B. Braun Melsungen AG
- Boston Scientific Corporation
- Biosensors International Group, Ltd.
- Elixir Medical Corporation
- Becton Dickinson and Company
- Microport Scientific Corporation

Key trends in the coronary stents market include:

The report offers a detailed segmentation of the global coronary stents market based on product, biomaterial, end-user, and region.

By Type

- Drug-eluting Stents
- Bare-metal Coronary Stents
- Bioabsorbable Stents

By Biomaterial

- Metallic biomaterials
- Polymers biomaterials
- Natural biomaterials

By End User

- Hospitals
- Ambulatory Surgical Centers

- Other

Based on region, the market across North America held the lion's share in 2020, garnering nearly two-fifths of the global coronary stents market. The Asia-Pacific region, on the other hand, is expected to cite the fastest CAGR of 6.7% during the forecast period.

Key Benefits For Stakeholders

- This report provides a quantitative analysis of the market segments, current trends, estimations, and dynamics of the coronary stents market analysis from 2020 to 2030 to identify the prevailing coronary stents market opportunities.
- The market research is offered along with information related to key drivers, restraints, and opportunities.
- Porter's five forces analysis highlights the potency of buyers and suppliers to enable stakeholders make profit-oriented business decisions and strengthen their supplier-buyer network.
- In-depth analysis of the coronary stents market segmentation assists to determine the prevailing market opportunities.
- Major countries in each region are mapped according to their revenue contribution to the global market.
- Market player positioning facilitates benchmarking and provides a clear understanding of the present position of the market players.
- The report includes an analysis of the regional as well as global coronary stents market trends, key players, market segments, application areas, and market growth strategies.

Our Market Research Solution Provides You Answer to Below Mentioned Question:

- Which are the driving factors responsible for the growth of market?
- Which are the roadblock factors of this market?
- What are the new opportunities, by which market will grow in coming years?
- What are the trends of this market?
- Which are main factors responsible for new product launch?
- How big is the global & regional market in terms of revenue, sales and production?
- How far will the market grow in forecast period in terms of revenue, sales and production?
- Which region is dominating the global market and what are the market shares of each region in the overall market in 2022?
- How will each segment grow over the forecast period and how much revenue will these segments account for in 2030?
- Which region has more opportunities?

By Region Outlook

- North America
(U.S., Canada, Mexico)
- Europe
(Germany, France, UK, Italy, Spain, Rest of Europe)
- Asia-Pacific
(Japan, China, India, Rest of Asia-Pacific)
- LAMEA
(Brazil, Saudi Arabia, South Africa, Rest of LAMEA)
