Jumbula Partners with Zapier to Launch Integration with 5,000+ Apps

Jumbula, a leader in the online registration systems for camps and classes, has integrated with Zapier to automate workflows across 5,000+ apps!

SAN MATEO, CA, UNITED STATES, April 13, 2023 /EINPresswire.com/ -- Jumbula, an online registration and payment system, today announced a new integration with Zapier, the leader in no-code systems for automating workflows and moving data across 5000+ apps. Through this integration, camp and class operators can now build powerful automated workflows and streamline their repetitive tasks for registering and monitoring users.

Jumbula online registration software

With the integrated Jumbula Zaps, business owners can automate workflows such as:
-Integrate with Google Sheets to populate the latest enrollment data into documents.
-Integrate with Slack to get registration information, cancellations and capacity data.
-Integrate with Mailchimp to send customized emails and surveys.

"Companies of all sizes and industries embrace automation for critical parts of running their business," said Andrew Edelman, Director of Platform Partnerships at Zapier. "Zapier's integration with Jumbula allows business owners, camp and class operators, instructors, and administrators to move forward at growth speed — no code required."
