

Dr. Kevin Sadati Introduces Natural Facelift Technique For Effective And Safe Results

Dr. Kevin Sadati of Orange County recently unveiled a natural facelift method as a safer option for traditional facelift operations.

NEWPORT BEACH, CA, USA, April 13, 2023 /EINPresswire.com/ -- One of the world's most renowned facial plastic surgeons, Dr. Kevin has created a deep plane face and neck lift technique that brings dramatic natural, and youthful results for you yet is subtle to other's eyes.

Many patients believe that aging makes them look and feel older than they are. However, they are apprehensive to undergo traditional facelift procedures due to the unnatural effects that could change their appearance. Because it offers effective results in both men and women while avoiding the unnatural side effects of traditional facelifts, Dr. Kevin Sadati deep plane face and neck lift procedure is growing in popularity.

The deep plane face and neck lift method of [Dr. Sadati](#) creates uniform tension on sagging facial and neck muscles without leaving behind tell-tale signs of conventional facelifts. Without the chance of bunching at the hairline or a pulled, taut appearance around the lips, patients with the procedure experience a more youthful and refreshed appearance.

Dr. Sadati's method has the advantage that it can be carried out under twilight sedation, which is much safer than general anesthesia requiring intubation. Twilight sedation reduces the possibility complications associate with general anesthesia.

Dr.Sadati has performed more than 5,000 facelifts and neck lifts at his state of the art surgical facility in Orange County. His professional and artistic background has given him a thorough understanding of the changes that occur with aging and the need for natural facelift procedures that yield long-lasting results.

Patient safety is the doctor's top priority at the Cosmetic Surgery clinic. Moreover, his staff is committed to providing outstanding care for each patient.
